

POLYSOFT

FLEXIBLE SEAMLESS PAVING

PolySoft 'Play' is a surface best suited for areas specifically designed for engaging indoor/outdoor play and recreational areas. It is only suitable for DRY applications and can be installed over a rubber attenuation layer or over concrete.

Key Benefits

- ▶ Cooler than most surfacing options PolySoft will stay cooler underfoot
- ▶ Resistant to degradation or fading, even in the harshest sunlight
- ▶ Excellent slip-resistance
- ▶ High chemical resistance
- ▶ Easy to maintain, hygienic, non-toxic (no heavy metals)
- ▶ Soft, comfortable underfoot
- ▶ Installed with a seamless finish
- ▶ Impressive colour palette for endless design options
- ▶ Compliance to ASNZ4422:1996, ASTM F-1292-13 & EN 1177:2005

Typical Applications

- ▶ Indoor/Outdoor playground
- ▶ Child care centres
- ▶ Theme parks
- ▶ School assembly areas
- ▶ Aged care facilities
- ▶ Pathways
- ▶ Courtyards
- ▶ Rooftops
- ▶ Athletic tracks
- ▶ Building entrances
- ▶ Embankment slides i.e. sloped surfaces
- ▶ Equestrian facilities
- ▶ Gym Floors

PolySoft 'Splash' has been formulated specifically to address issues frequently encountered by facility managers within the harsh aquatic environment. Through our continued research and development we have found the addition of our PolySoft Plus and PolySoft Extra effective in targeting particular issues in the aquatic environments. It is suitable for wet applications and can only be installed over concrete or an approved hard surface (AHS).

PolySoft Plus – PolySoft Plus system has been formulated to hinder the growth of fungi/algae prevalent in moist and warm environments. Incorporated additives developed by the PolySoft team greatly reduce the opportunity for such growth.

PolySoft Extra – PolySoft Extra system has been designed specifically for high impact areas within the aquatic environment such as point of impact from dump buckets.

Key Benefits

- ▶ Cooler than most surfacing options PolySoft will stay cooler underfoot
- ▶ Resistant to degradation or fading, even in the harshest sunlight
- ▶ Excellent slip-resistance
- ▶ High chemical resistance
- ▶ Chlorine resistant
- ▶ Easy to maintain, hygienic, non-toxic (no heavy metals)
- ▶ Soft, comfortable underfoot
- ▶ Installed with a seamless finish
- ▶ Impressive colour pallet for endless design options

Typical Applications

- ▶ Water playgrounds
- ▶ Splash decks
- ▶ Water parks
- ▶ Waterslide entrances
- ▶ Pool surrounds
- ▶ Spray parks
- ▶ Hydrotherapy pool concourses
- ▶ Wet area pathways

If you are looking for a tactile impervious flooring solution for your pathways, building entrances, change rooms, pool surrounds, ablution blocks Versatex is your product!
